

ISSHIN-RYU OKINAWA TRADITIONAL KARATE-DO ASSOCIATION

By-laws

North American Kyokai

Purpose: the purpose of the following is to clarify and supplement the rules and regulations of the Isshin-Ryu Okinawan Traditional Karate-Do Association headed by Kyoshi/Hachi-Dan Tsuyoshi Uechi of Camp Foster, Okinawan-ken, Japan. Due to the great distance between the general headquarters and this headquarters, and the unique circumstances encountered on occasion in North America, it is deemed essential and prudent to publish rules and regulations that are germane to North America. These rules are not intended to change or supersede the rules and regulations promulgated by general headquarters fated and approved.

For the purposes of this document “general headquarters” refers to the Hombu dojo in Okinawa.

Article I: No one should visit Okinawa in connections with association karate training without the express approval of general headquarters. It is also common courtesy to inform this headquarters of any intended visits to Okinawa.

Article II: Approved association dojo managers should pay \$100 per year as an association fee. The fees are due on 1 march of each year. Those persons who have been approved direct access to general headquarters are responsible for the submission of their fees and the collection and forwarding of fees for any dojo under their cognizance. A report of approved dojo and fees collected and forwarded will be provided this headquarters no later than 1 April of each year. All reports will include names, addresses, phone numbers and e-mail addresses for each dojo as appropriate. It is also recommended that a suitable certificate of membership be issued. All other dojo mangers should submit their association fees directly to this headquarters yearly no later than 15 February. (note: this is an option above general membership)

Article III: each member of the Isshin-Ryu Okinawan Traditional Karate-Do Association should wear the Isshi-Ryu patch attached to their GI and IOTKA patch left shoulder/sleeve. The GI shall be white. It is recognized that due to local traditions and customs, gi other than solid white may be used for local dojo training, etc. But only white gi are authorized for wear at functions outside of the dojo. One dojo patch is authorized on the gi positioned properly on the right shoulder/sleeve. Isshin-Ryu Okinawan Traditional Karate-Do Association patches are available from the general headquarters at a cost of \$15.00 per patch. Locally produced Isshin-Ryu Okinawan Traditional Karate-Do Association patches are not authorized unless approved by general headquarters.

Article IV: the only approved obi for wear by yudansha outside the dojo are solid black from shodan through rokudan and red/white paneled obi for those of kyoshi rank.

Article VII: No person may open a dojo without the express approval of this headquarters. In principle, a dojo manager should be of Yondan rank or above. However, due to the distance restraints, a person under the rank of Yondan may manage a dojo, but only under the direction and approval of a current senior dojo manager, who is a member on good standing with the association.

Article VIII: Dispute resolution. From time to time there may be disagreements or disputes that will necessitate a decision or solution being adjudicated by this headquarters. In this event, the subject matter will be submitted in writing and forwarded to this headquarters with "via" endorsements as appropriate. If deemed necessary, this headquarters will render a decision or provide a recommendation. Should the subject matter or incident require, this headquarters may convene a committee of at least 3 persons of kyoshi rank to investigate and render a recommended course of action to this headquarters. In extreme matters, the decision may be referred to general headquarters for action and/or recommendation.

Article X: It is sincerely hoped that conduct requiring disciplinary action and/or censure does not occur. However. In the event that there is cause or reason, a written complaint/report will be submitted with appropriate “via” endorsements and with a recommended course of action to this headquarters for review and action/resolution. Administrative procedures will be the same as contained in article 8. The exception is that the person being considered for disciplinary action/censure may have the right to attend certain portions of the hearings or be interviewed by an appointee from this headquarters.

It is Tsuyoshi Uechi Kyoshi's sincere desire that we, as IOTKA members, associate as brothers in Karate-Do. He understands that no organization will survive without guidance and leadership. He also recognizes that an organization must have good order and discipline to enjoy the benefits and heritage of the Isshin-Ryu Okinawan Traditional Karate-Do Association. As stated in the general headquarters by-laws the purposed of the association is to promote "friendship" among all members. Ensure the preservation and unity of traditional Isshin-Ryu Karate-Do for future generations, and to teach and encourage all members to be an honest person with a strong spirit and body through the teachings of those who have gone before.

These by-laws have been promulgated with the approval of Kyoshi Tsuyoshi Uechi, Okinawa, Japan, and Kyoshi Karl Kazuo Hovey, USA.

These rules and guidelines are effective as of 1 January 2008.
